## National Pumpkin Day

National Pumpkin Day falls on October 26. Pumpkins are so much more than just a fun holiday accessory. Not only are they one of the best-known sources of beta-carotene (an antioxidant converted to vitamin A in the body), but pumpkins are loaded with fiber, potassium, and vitamin C. Try some on National Pumpkin Day (and of course have a little fun carving them). Pumpkins are a member of the gourd family, which includes cucumbers, honeydew melons, cantaloupe, watermelons and zucchini. Most people don't realize they are fruits — not vegetables. These plants are native to Central America and Mexico, but now grow on six continents. We use pumpkins for both food and recreation — especially during Halloween and Thanksgiving.. Pumpkin pie has become a traditional part of Thanksgiving in both the U.S. and Canada. We also carve jack-o'-lanterns around Halloween, although the pumpkins we eat and the ones we carve generally come from two different types of winter squash.

## Szkoła Podstawowa nr 1 im. Jana Pawła II w Mońkach

Dear Teachers and students of Primary School in Czaplinek. At the outset, we would like to thank you for the opportunity to cooperate with you. It's a real honor for us to appear in the October issue of 'School Newspaper Edukids SP'. We present to you our school - Primary School No. 1 in Mońki. It is a school from north-eastern Poland, located in the buffer zone of the Biebrza National Park, about 45 km north of Białystok. Our school has 411 students and over 50 teachers. The facility has existed since 1991. The headmaster of our school is Mrs Alicja Halicka Pochodowicz. The patron of our school is John Paul II. 'Jedynka' is a friendly school for all students and parents. Voluntary organisation and student council are very active here. There are many celebrations, events, contests, picnics, trips to Krakow, Warsaw, Drożdżów or Nowogród, The European Day of Languages, the #sadziMY campaign and others. There are also extra-curricular activities. Students can develop their skills there. For many years, our students have achieved very good results in school-leaving exams, which exceed the provincial and national average.

## Szkoła Podstawowa nr 1

### im. Jana Pawła II w Mońkach

Drodzy uczniowie i nauczyciele Szkoły Podstawowej w Czaplinku. Na wstępie pragniemy serdecznie podziękować za możliwość współpracy z Wami, a pojawienie się w październikowym wydaniu 'School Newspaper Edukids SP' to dla nas prawdziwy zaszczyt. Przedstawiamy Wam naszą szkołę - Szkołę Podstawową nr 1 w Mońkach. To szkoła z północno - wschodniej Polski, położona w otulinach Biebrzańskiego Parku Narodowego, ok 45 km na północ od Białegostoku.

W naszej szkole uczy się 411 uczniów i pracuje ponad 50 nauczycieli. Placówka istnieje od 1991 . Dyrektorem naszej szkoły jest pani mgr Alicja Halicka Pochodowicz, patronem zaś - Jan Paweł II. 'Jedynka' to szkoła przyjazna i życzliwa wszystkim uczniom i rodzicom. Prężnie działa tu wolontariat i samorząd uczniowski. Organizowanych jest wiele uroczystości, wydarzeń, konkursów, wycieczek , pikników np. wycieczki do Krakowa, Warszawy, Drożdżowa czy Nowogrodu, Dzień Języków Obcych, akcja #sadziMY i wiele innych.

W szkole są również koła zainteresowań, gdzie uczniowie mogą rozwijać swoje umiejętności. Od wielu lat nasi uczniowie osiągają bardzo dobre wyniki w egzaminach kończących szkołę, które przewyższają średnią wojewódzka i krajową.

# Travel around the world

Canada is a country in North America. Its ten provinces and three territories extend from the Atlantic Ocean to the Pacific Ocean and northward into the Arctic Ocean, covering over 9.98 million square kilometres (3.85 million square miles), making it the world's second-largest country by total area. Its southern and western border with the United States, stretching 8,891 kilometres (5,525 mi), is the world's longest binational land border. Canada's capital is Ottawa, and its three largest metropolitan areas are Toronto, Montreal, and Vancouver.

Indigenous peoples have continuously inhabited what is now Canada for thousands of years. Beginning in the 16th century, British and French expeditions explored and later settled along the Atlantic coast. As a consequence of various armed conflicts, France ceded nearly all of its colonies in North America in 1763. In 1867, with the union of three British North American colonies through Confederation, Canada was formed as a federal dominion of four provinces. This began an accretion of provinces and territories and a process of increasing autonomy from the United Kingdom. This widening autonomy was highlighted by the Statute of Westminster 1931 and culminated in the Canada Act 1982, which severed the vestiges of legal dependence on the Parliament of the United Kingdom.

Canada is a parliamentary democracy and a constitutional monarchy in the Westminster tradition. The country's head of government is the prime minister—who holds office by virtue of their ability to command the confidence of the elected House of Commons—and is appointed by the governor general, representing the monarch, who serves as head of state. The country is a Commonwealth realm and is officially bilingual (English and French) at the federal level. It ranks among the highest in international measurements of government transparency, civil liberties, quality of life, economic freedom, education, gender equality and environmental sustainability. It is one of the world's most ethnically diverse and multicultural nations, the product of large-scale immigration. Canada's long and complex relationship with the United States has had a significant impact on its economy and culture.
